ROME/NAPLES MAY 20<sup>TH</sup> – 25<sup>TH</sup>, 2018

ROME/FLORENCE MAY 27<sup>TH</sup> – 1<sup>ST</sup>, 2018

# CALL FOR APPLICATIONS - 20 SCHOLARSHIPS -

### THE PROJECT

PSL (*Paris Sciences et Lettres - Research University Paris*), the *Ecole des Hautes Etudes en Sciences Sociales*, the *Ecole Française* of Rome, the *CéSor (Centre d'études en sciences sociales du religieux)* and the University Beida of Beijing fund the second edition of the **IIPS-International Itinerant Paleographic School**. The action (which will be supported by the *Collège de France*, the *Ecole Pratique des Hautes Etudes*, the university of Cassino, the university of Florence, the university of Naples *Federico II* and the University of Rome *Sapienza*) will consist in a six-days training session. Trainees will be divided into two groups:

Group 1: **Rome/Naples – May 20<sup>th</sup> to 25<sup>th</sup> 2018**

and

Group 2: **Rome/Florence – May 27<sup>th</sup> to June 1<sup>st</sup>**

The program, open to twenty fellows (two groups of ten each) and six selected auditors, will focus on ancient and medieval books, inscriptions and documents and will consist of seminars, conferences and guided visits of libraries (*Angelica, Casanatense, Corsiniana* and *Vallicelliana* of Rome, *Vittorio Emanuele III* of Naples, *Medicea Laurenziana* of Florence), research institutes (*Istituto papirologico "G. Vitelli"* of Florence, *Centro Internazionale per lo Studio dei Papiri Ercolanesi "Marcello Gigante"* of Naples, *Istituto Centrale per il Restauro e la Conservazione del Patrimonio Archivistico e Librario* of Rome) and archeological sites (Pompeii and Herculaneum). The *IIPS* will be a transdisciplinary and comparative action focused on written materials produced in the Mediterranean area from Antiquity to Middle Ages (Greek, Latin, Arabic and Coptic papyri, *ostraca*, rolls, *codices* and inscriptions). It aims at offering (a) a unique and international training opportunity, thanks to the collaboration of researchers gathered from many universities and research institutes from different countries; (b) an exclusive and direct access to original documents and research materials and (c) a chance to share experiences with experts in all the fields related to the study, preservation, restoration and valorization of written heritage. Special emphasis will be given to archiving and cataloguing techniques used in different areas and periods, to the creation and developing of collections and to the general dynamics of loss and preservation of written heritage.
